ILLNESS POLICY

A doctor's written release may be required at the discretion of the Director.

Children with head lice may not attend the YMCA summer camp until completely nit and lice free.

We want you and your child to have a positive experience in our YMCA program. Personal items such as cell phones, tablets, toys, games, trading cards and other similar materials are not permitted. Varied activities are provided to keep your child engaged without these items. We also do not want your child's items to be lost, stolen or broken, as the YMCA will not be held responsible. Please have your child leave these items at home unless directed by YMCA staff.

SAFETY

The safety of your child is our most important concern. In order to insure their safety our staff members have each agreed to follow the following rules:

- Staff will portray a positive role model for youth by maintaining an attitude of respect, loyalty, patience, courtesy, tact, and maturity.
- Staff may not be alone with children they meet in YMCA programs outside of the YMCA. This includes babysitting, sleepovers, and inviting children to their home.
- Staff are not to transport children in their own vehicles.
- Staff are not to contact your child outside of YMCA business or exchange contact information, i.e. email address, social media, phone numbers, etc.

If, at any time, you become aware of any staff not observing these rules or if you have any questions relating to our safety procedures, please contact the Child Care Director at (863) 267-9622. We appreciate your confidence in the YMCA to provide care for your child and your assistance in keeping them safe.

INJURY PROCEDURE

- 1) Administration of immediate first aid, as necessary
 - 2) Notification of injuries will be reported to parent/guardian
 - 3) Notify paramedic/medical professional
- Please remind your child to report all injuries, no matter how small, to their counselor or YMCA staff immediately.

EMERGENCY PROCEDURE

Our schedule and/or program may be altered due to emergencies, such as severe weather. The YMCA will make reasonable efforts to provide child care in an emergency situation at select sites if it is safe to do so. Refunds are not provided for emergency closings. During threatening weather, please stay tuned to local radio or TV reports to ensure you or your emergency contacts are available to pick up child(ren) if needed.

TRANSPORTATION

The parent/guardian is responsible for transportation to and from the program. Transportation for activities between locations will take place in YMCA vehicles that are licensed with YMCA employee drivers.

DRESS CODE

It is important to send your child in comfortable play clothes. Campers should dress in cool comfortable play clothing that can get dirty. Campers must wear closed toe and closed back shoes at camp. It is recommended for the health of your camper's feet that they wear socks. Flip-flops, Crocs, or sandals may only be worn during swim time.

Not Permitted: Cut-off jeans as swimsuits, inappropriate bathing suits, clothing with foul language or images, dangle jewelry, under shirts as clothing, Heelys/roller shoes, flip-flops, Crocs, or sandals (except during swim time) are not permitted at camp. Campers without the proper attire will not be accepted into camp as they cannot participate safely in camp programs.

*The YMCA reserves the right to ask any camper to put on appropriate attire or they may not be allowed to participate in activities.

WHAT TO BRING TO CAMP

Please make sure your camper brings the following items to camp each day. Our days are full of outdoor adventures and campers and their items may get dirty. Be sure everything is labeled with camper's first and last name. The YMCA of West Central Florida is not responsible for lost or stolen items.

- Backpack - To store camper's items including water bottle, swim gear, towel and extra clothes.
- Lunch and Snacks - A non-perishable lunch and drink should be packed every day. Afternoon snacks are provided to all campers. The YMCA does not provide microwaves or refrigeration for lunch items.
- Reusable Water Bottle - Water fountains or water coolers are available throughout camp to refill water bottles. All water bottles should be labeled with your camper's full first and last name. Go green and use a reusable bottle.
- Swim Gear - Swim suit and towel are needed for water activities. Old shoes are ideal for outdoor water play. We recommend rash guard shirts for sun protection.
- Shoes and Socks - Closed-toed shoes with a closed back (such as tennis shoes) are required every day. Campers without proper foot attire will not be accepted into camp as they cannot safely participate.
- Extra Clothes - Dress your child in cool comfortable play clothes that can get dirty. An extra set of clothing is recommended especially for younger campers. Also, a hat for sun protection.
- Sunscreen and Bug Spray - The YMCA does not provide sunscreen. Parents should apply sunscreen on the child before sending the child in the morning. Sunscreen breaks will be taken periodically. Children will apply sunscreen to themselves using their own sunscreen under staff supervision. As a last resort, staff may assist with sunscreen. Only spray sunscreen is allowed.

In keeping with the YMCA mission and character values of caring, honesty, respect and responsibility, appropriate behavior is expected of all program participants AND parent/guardians. Respectful interactions with other participants and staff are at the core of the Y mission and essential to having a successful experience for all.

Summer Camp personnel will use positive techniques such as redirection and collaboration between staff, parents, educators and family to guide behaviors and set appropriate limits that encourage children to make positive choices. Based on the behavior exhibited, the following sequence is referenced:

- 1) Verbal warning and documentation
- 2) Written warning and documentation
- 3) Temporary suspension or removal from the program
- 4) Termination from the program

Based on the severity of the child's or adult's behavior, these steps may be accelerated or skipped.

FL Department of Children and Families Statute on Discipline as stated in Florida Statute 402.305: "Minimum standards for child discipline practices shall ensure that age-appropriate, constructive disciplinary practices are used for children in care. Such standards shall include at least the following requirements:

- 1) Children shall not be subjected to discipline which is severe, humiliating, or frightening
- 2) Discipline shall not be associated with food, rest, or toileting
- 3) Spanking or any other form of physical punishment is prohibited

Prior to admission of a child to a child care facility, the facility shall notify the parents in writing of the disciplinary practices used by the facility.

Character development assistance forms may be completed as the YMCA staff work with your child on enhancing caring, honesty, respect, and/or responsibility.

To better serve your child, we request your assistance and support in helping us build character and provide a safe environment for all children. Communication is strongly encouraged between staff and parents/guardians.

OUR COMMITMENT TO PROTECTING CHILDREN

Serving the youth in our community is a vital part of our mission, and we are committed to creating a safe environment for the thousands of children and teens we serve every year. At our Y, we take the following actions to keep youth safe in our facilities and programs.

- All Ys in the US are required to implement child sexual abuse prevention practices and policies to remain a member in good standing with the National Council of YMCAs
- All child care staff are finger printed and background screened.
- We train and mentor staff with developmentally appropriate practices.
- We work closely with strategic partners to advance federal policies.

We also practice and advocate for the three habits of child abuse prevention: KNOW, SEE, RESPOND. Because when we know and understand how abuse happens, see the warning signs, and are prepared to respond quickly to prevent it, we create a culture of child abuse prevention that results in even safer environments for kids to reach their full potential.

- **Weather-related Closing:** No credit/refund will be issued should weather cause camp closings including closings of pools and other water activities during thunderstorms.

What is the influenza (flu) virus?

Influenza ("the flu") is caused by a virus which infects the nose, throat, and lungs. According to the US Centers for Disease Control and Prevention (CDC), the flu is more dangerous than the common cold for children. Unlike the common cold, the flu can cause severe illness and life threatening complications in many people. Children under 5 who have the flu commonly need medical care.

Severe flu complications are most common in children younger than 2 years old. Flu season can begin as early as October and last as late as May.

How can I tell if my child has a cold, or the flu?

Most people with the flu feel tired and have fever, headache, dry cough, sore throat, runny or stuffy nose, and sore muscles. Some people, especially children, may also have stomach problems and diarrhea. Because the flu and colds have similar symptoms, it can be difficult to tell the difference between them based on symptoms alone. In general, the flu is worse than the common cold, and symptoms such as fever, body aches, extreme tiredness, and dry cough are more common and intense. People with colds are more likely to have a runny or stuffy nose. Colds generally do not result in serious health problems, such as pneumonia, bacterial infections, or hospitalizations.

**WHEN LIFE
HAPPENS...
DON'T BE A
DISTRACTED
ADULT**

Distraction Prevention Tips:

- **Never** leave your child alone in a car and **call 911** if you see any child locked in a car!
- **Make a habit** of checking the front and back seat of the car before you walk away.
- **Be especially mindful** during hectic or busy times, schedule or route changes, and periods of emotional stress or chaos.
- **Create reminders** by putting something in the back seat that you will need at work, school or home such as a briefcase, purse, cell phone or your left shoe.
- **Keep a stuffed animal** in the baby's car seat and place it on the front seat as a reminder when the baby is in the back seat.
- **Set a calendar reminder** on your electronic device to make sure you dropped your child off at child care.
- **Make it a routine** to always notify your child's child care provider in advance if your child is going to be late or absent; ask them to contact you if your child hasn't arrived as scheduled.

During the 2018 legislative session, a new law was passed that requires child care facilities, family day care homes and large family child care homes to provide parents, during the months of April and September each year, with information regarding the potential for distracted adults to fail to drop off a child at the facility/home and instead leave them in the adult's vehicle upon arrival at the adult's destination.

Facts About Heatstroke:

⚠ It only takes a car **10 minutes** to heat up 20 degrees and become deadly.

⚠ Even with a window cracked, the **temperature inside a vehicle** can cause heatstroke.

⚠ The body temperature of a child increases **3 to 5 times faster** than an adult's body.

Parent's Role

A parent's role in quality child care is vital:

- Inquire about the qualifications and experience of child care staff, as well as staff turnover.
- Know the facility's policies and procedures.
- Communicate directly with caregivers.
- Visit and observe the facility.
- Participate in special activities, meetings, and conferences.
- Talk to your child about their daily experiences in child care.
- Arrange alternate care for your child when they are sick.

Quality Child Care

Quality child care offers healthy, social, and educational experiences under qualified supervision in a safe, nurturing, and stimulating environment. Children in these settings participate in daily, age-appropriate activities that help develop essential skills, build independence and instill self-respect. When evaluating the quality of a child care setting, you should consider the facility's quality indicators related to activities, caregivers, and environment.

Quality Activities

- Activities are children initiated and teacher facilitated.
- Activities include social exchanges with all children.

Quality Caregivers

- Caregivers are friendly and eager to care for children.
- Caregivers accept family cultural and ethnic differences.

Quality Environments

- Environments are clean, safe, inviting, comfortable, and child-friendly.
- Environments provide easy access to age-appropriate toys.
