

LOCKER ROOM

USAGE RULES

- Lockers are available for daily use only. Any lock remaining more than 24 hours will be removed at the discretion of management, with the exception of private lockers.
- The YMCA is not responsible for lost or stolen items. Please use a lock when placing your items in a locker.
- Because people of all ages share the locker rooms, everyone must exercise discretion and modesty when changing. Nudity is not permitted in common spaces. Use private changing areas or bathroom stalls when changing and wear appropriate clothing in the common spaces.
- Children under the age of 5 are permitted in either locker room, provided they are accompanied by a parent. Ask any of our Y staff for the location of family restrooms (where available).
- Cell phone usage including texting is prohibited. Photographing or video recording another individual in the locker room will result in expulsion.
- Anyone found to have engaged in inappropriate behavior may have his or her membership privileges revoked and be subject to being reported to the Sheriff's Office.
- Please report inappropriate behavior to a staff person immediately
