

MEMBERSHIP PHOTO ID POLICY

Purpose

To ensure the safety and security of all members, guests, and staff, and to uphold the YMCA's commitment to providing a safe and welcoming environment.

Policy

Photo Requirement

All members are required to have their photo taken and stored in the YMCA's secure membership system. This photo will be used solely for Identity verification purposes during check-in and to prevent unauthorized use of membership privileges.

Membership Card & Check-In

Members must scan their membership barcode at each visit. The stored photo allows staff to confirm that the person presenting the membership is the authorized member.

Privacy & Security

Photos are stored securely and used only for identification within YMCA systems. They will not be shared or used for any other purpose.

Safety Commitment

This requirement supports the YMCA's Code of Conduct and child protection protocols by ensuring that individuals accessing the facility have been properly screened and verified.

Enforcement

Failure to comply with this policy may result in denial of access to YMCA facilities until the photo requirement is met.
